

# Ganixx-Bio-Chilli Barrier

- High potency Chilli extract
  - Flushes insects from foliage
  - Creates protective latex and wax barrier over foliage whilst retaining air and nutrient exchange capacities of plant tissues
  - Flavour irritates fruit eaters such as bats, birds, possums etc
  - Residual aftertaste easily removed by washing produce in warm water
  - Can be tank mixed with nutrient sprays
  - Compatible with other Organica products (eg. SilicateSharps, Barrier)
  - Certified Organic BFA 442A1
  - Available in 5L, 20L.
- NB: Use with caution on 'Pick-and-Eat' crops such as strawberries, grapes, stonefruit

### DIRECTIONS FOR USE:

0.5—1 L/ 100L water.  
Thoroughly pre-mix as per drum instructions before adding to spray tank. Half-fill spray tank with water before adding.

### DO NOT USE A WETTING AGENT.

Chilli Barrier is compatible with a broad range of insecticides and fungicides. Compatibility should be checked prior to use by performing a jar test. Chilli Barrier contains its own wetting/sticking ingredients — do not use other wetting agents.  
Do not mix with acidic products.

Store in a cool place out of direct sunlight
