

# Organica -Bio-Max

Australian Registered Farm input No. 442

Technical grade fully chelated NPK Biological fertiliser.

- Low salt index
- Safe on seedlings, young foliage, roots.
- Contains Beneficial Foliar and Soil micro-organisms and Bio Stimulants
- High analysis trace elements
- Rare earth minerals available including Silica and Selenium
- A one product application
- No more mixing multiple trace element products
- Readily tank mixes with most agricultural chemicals including Urea, Sulphates and Amino based Nitrogen fertilisers

**Exclusion of liability:** This product as supplied is of a high grade and suitable for the purpose for which it was expressly intended. No responsibility is accepted by the manufacturer or its agents in respect of this product, except for the replacement of this product if found to be faulty. No responsibility is accepted by the manufacturer or its agents for failure, loss, liability, injuries (consequential or otherwise). Purchaser accepts all responsibility for the storage, use and performance of this product.

## Chelated NPK + Calcium + Silica + Trace Elements

Includes Amino Acid Complexing Agents.  
Ideal for Fruit and Vegetable Crops, Tree Crops, Vines, Berries, Melons, Broad acre, Pasture and Turf

A Complete Chelated Bio-Fertiliser. Balanced and chelated into organic polymeric complexing nutrients containing 27 beneficial foliar and soil micro-organisms.

**WARNING!!** Use caution when mixing with any other product as vital microbiology could be damaged. Check with your distributor if unsure.

### DIRECTIONS FOR USE:

<b>Pre-plant:</b>	<b>10L/ha</b>
<b>Fertigate:</b>	<b>4 – 6 L/ha/fortnight</b>
<b>Turf/Pasture:</b>	<b>20L/ha/200L water</b>
<b>Foliar:</b>	<b>2 - 3L/ha at max.1:100</b>
<b>Seedling drench:</b>	<b>1:300 water on weekly or before planting</b>
